

Name: _____

Understanding Land Environments at the Izaak Walton Park

SOL 3.6

You will learn about different types of land environments at the Izaak Walton park and the different plants and animals that live in them.

1) What are three kinds of land ecosystems?

2) What are some animals that live in forests?

3) Where do rain forests grow? Does this park have a rain forest?

4) List two things that make a desert different from a wetlands ecosystem.

5) What adaptations help plants to live in the wetlands ecosystem?
